2009 TRASH / RECYCLING INFORMATION

1. **Trash Collection** occurs once a week as scheduled. Trash should go out the night before pickup day (pickup can be as early as 6AM/

Please be aware that your garbage will **NOT** be collected if there is recycling included. A sticker will be placed on your garbage stating the reason it was not collected. Recycling has been mandatory since 1987 and the State has become more stringent with municipalities that are not in compliance.

2. **Recycling** is picked up once a month. Co-mingled food and beverage glass jars and bottles, plastic (soda, water, juice, milk and detergent **ONLY**), tin and aluminum cans must be clean with lids removed and placed for pickup in a reusable container.

Paper goods such as bundled newspaper, bundled magazines, junk mail, office paper, shredded paper and flattened cardboard, pizza boxes, frozen food containers, tissue boxes, cereal boxes, etc. can be put out in brown paper grocery bags or trash cans and will be collected by a separate truck.

Recyclables in plastic bags will not be picked up. Plastic bags, plastic hangers, plastic toys, plastic lids, flowerpots, pie trays, egg cartons and Styrofoam are considered regular garbage and will not be collected with your recycling. If any of these items are mixed in with your plastic, glass and tin/aluminum cans, your recycling barrel will be stickered with a violation notice and not picked up.

3. **Bulky Waste** – you are allowed LIMITED BULK pickup each week. Bulky items are limited to household items such as sofas, chairs, dressers, mattresses, desks, carpeting (rolled & tied in bundles of no more than 4 feet), plastic toys etc. If you are planning a major cleanup you must arrange for rental of a roll-off container. Metal items and auto tires are NOT collected roadside and can be brought to the recycling center.

4. **Construction Debris and Hazardous Waste** – absolutely no construction debris (concrete, wood scrap, sheetrock, tiles, etc.) will not be collected or permitted at the recycling center. Construction debris and hazardous waste (including paint cans) must go to the Sussex County Municipal Utilities Authority (county landfill) on Rt. 94 in Lafayette (973-579-6998).

5. **Loose Leaves and small brush** (no more than 4” diameter) may be brought to the township recycling center mid-April to mid-October, weather permitting. The town offers 2 roadside pickups for leaves bagged in biodegradable paper bags, usually in December.

6. **Christmas tree pickup** begins the second full week in January, weather permitting.
