A Tri-County Regional Forum,
presented by the Byram Township
Environmental Commission, Delia Quigley,
HWF Full Food Farm, Pittenger Farm,
The Community Supported Garden at
Genesis Farm and The Foodshed Alliance

FOOD, INC.

Wednesday, March 3, 2010 • 7:00pm

Intermediate School Library Annex, 12 Mansfield Drive, Byram Township, NJ

Movie will be followed by a panel discussion with special guest speakers

Food, Inc. lifts the veil on our nation's food industry, exposing how our nation's food supply is now controlled by a handful of corporations that often put profit ahead of consumer health, the livelihood of the American farmer, the safety of workers and our own environment. *Food, Inc.* reveals surprising and often shocking truths about what we eat, how it's produced and who we have become as a nation. *The New York Times* called *Food, Inc.* "...an informative, often infuriating activist documentary about the big business of feeding or, more to the political point, force-feeding, Americans all the junk that multinational corporate money can buy. You'll shudder, shake and just possibly lose your genetically modified lunch."

No charge for admission, but please RSVP before Friday, February 26, 2010 via email to foodinc@northbyram.org or by phone to Byram Township Environmental Commission secretary Margaret McGarrity at 973-347-2500 x138.
